PROFESSIONAL EXPERIENCE

Software Engineer Intern   Santander Consumer USA   Summer 2016

- Collaborated with 18 fellow IT interns to build a customer facing web application designed to remediate delinquent customers and assist current customers in remaining current and aware of the status of their loan
- Consulted heads of business at the end of each iteration to gather feedback and establish a list of action items for the following iteration
- Prioritized minimum viable product. Delegated work and delivered 4 iterations on a two week sprint cycle

Junior Developer   Skvare   Aug 2014 to Nov 2015

- Developed custom applications and performed site-building tasks
- Programmed database driven forms and reports, for user-friendly information retrieval and interaction
- Worked with clients to find the root cause of the problems, prioritized solutions, and delivered the solutions
